MATERIAL SAFETY DATA SHEET

(rev. 01.11.2018)

Product: **PD1700**
Protection Drainage 1700

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING

1.1. Substance or preparation trade name

- JUTA GP® PD1700

1.2. Company name and address:

JUTA UK Ltd.
Melton Grove Works, Blackpool Road, Lytham, FY8 5PL
Telephone: 01772 754177
Email: info@juta.co.uk

2. Hazards Identification

Most important hazards: The product is not hazardous to health in normal use.
Specific hazards: Not applicable.

3. Composition

General information: Polyethylene cusped drainage board with Polypropylene geotextile filter layer.

4. First Aid Measures

General advice: Not applicable.

5. Fire Fighting Measures

Suitable extinguishing media: Water Spray, foam, carbon dioxide, dry powder, sand or earth.
Special hazards in fire: Fire will produce smoke. (Carbon Monoxide, Carbon Dioxide)
Required special protective equipment for fire-fighters: In confined spaces, fire-fighters should wear self-contained breathing equipment apparatus and protective clothing.

6. Accidental Release Measures

General information: Not applicable.

7. Handling and Storage

Handling precautions: No special measures necessary.
Storage precautions: Possible moving stacks. Stack rolls in such a way to prevent movement.

8. Exposure Controls and Personal Protection

Exposure control: Not applicable.
Personal protection equipment -
Foot protection: No special requirements.
Hand protection: No special requirements.
Hygiene measures: No special requirements.

9. Physical and Chemical Properties

Appearance: Non-woven fabric, cuspated sheet.
Odour: None.
Water solubility: Insoluble.

10. Stability and Reactivity

Conditions to avoid: Stable under normal handling and storage conditions.
Hazardous decomposition products: Hazardous polymerisation will not occur.

11. Toxicological Information

General information: No known hazard.

12. Ecological Information

General information: The product is not biologically decomposable. It degrades under prolonged ultraviolet exposure. It floats on water and is insoluble in water. No bioaccumulation known. The product is nontoxic.

13. Disposal Considerations

General information: The product is classified as equivalent to municipal waste. It can be reused or recycled. Dispose of waste material in accordance with national and local regulations.

14. Transport Information

General information: Not classified for Road, Rail, Sea or Air Transport. (Non-hazardous)

15. Regulatory Information

General information: According to the EEC Directives, the product does not require classification and labelling.

16. Additional Information

The data contained in this Material Safety Data Sheet has been prepared in accordance with formatting described in the REACH Regulation (EC) No 1907/2006, and described in CLP Regulation (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures for the purpose of protecting the health and safety of industrial and commercial users who are deemed capable of understanding and acting on the information provided. Please ensure that it is passed to the appropriate person(s) in your company, who is capable of acting on the information.

This information is given in good faith, being based on the latest knowledge available to JUTA UK Ltd. No known relevant information has been omitted from this data sheet and the information provided is designed to enable the user to use the product safely. The user should not assume on the basis of the information provided in this data sheet that the product is suitable for any abnormal use. If the information provided is insufficient to ensure safety in any particular application, contact JUTA UK Ltd for further advice before the proposed application is undertaken.
