

rbs Bluelease QD

Quick Drying Chemical Release Agent

DESCRIPTION

rbs Bluelease QD is an extremely versatile quick drying high specification chemical release agent specially blended to give optimum release resulting in high class concrete finishes from most types of formwork.

ADVANTAGES

- Quick drying release agent suitable for most types of formwork.
- Extremely economical due to the large coverage rates achieved when applied by spray equipment.
- Recommended for difficult and intricate casting work.
- Is not affected by rain.
- The evaporative carrier used in rbs Bluelease QD ensures a safe walking surface on soffit formwork with no contamination of the reinforcement.
- Prior to the application of subsequent treatments, concrete that has been cast using rbs Bluelease QD requires only a light brush.

APPLICATION

Formwork surfaces to be treated with rbs Bluelease QD should be clean and dry. rbs Bluelease QD should be applied as a thin even film using low pressure spray equipment and any excess material should be removed up prior to placement of the concrete. New and unsealed timbers should be pre-treated with rbs Bluelease QD with a second application prior to use.

TECHNICAL DATA

Appearance	Clear amber liquid
Specific Gravity @ 15.6°C	0.813
Flash Point (PMCC)	38°C
Viscosity cSt @ 40°C	10.8
Coverage	30-60m ² per litre
Pour Point	<-5°C

HEALTH & SAFETY

When working with rbs Bluelease QD suitable protective clothing, eye/face protection and gloves should be worn. For further health and safety information, please refer to the relevant Safety Data Sheet.

PACKAGING

rbs Bluelease QD is available in 25 and 200 Litre containers. IBC's available on request.

STORAGE

rbs Bluelease QD should be stored under dry, frost-free conditions away from direct sunlight, under such conditions the shelf life is at least twelve months.

IMPORTANT NOTE

Whilst all reasonable care is taken in compiling technical data on the Company's products, all recommendations or suggestions regarding the use of such products are made without guarantee, since the conditions of use are beyond the control of the Company.

It is the responsibility of the customer to satisfy himself that each product is fit for the purpose for which he intends to use it, that the actual conditions of use are suitable, and that in the light of our continual research and development programme the information relating to each product has not been superseded.
