rbs Condissolve

Description

rbs Condissolve contains an organic, naturally occurring, plant-based active ingredient that is excellent at breaking down bonds, dissolving and releasing hardened cement from common construction site surfaces. rbs Condissolve will keep your tools, equipment and vehicles cleaned and maintained. Efficient, fast-acting and highly effective at penetrating and loosening concrete.

Advantages

- Powerful cleaner, more effective and safer than other products on the market based on citric, hydrochloric, sulphuric & phosphoric acids.
- Safe and ready to use.
- Non-flammable & non-volatile.

SPECIALITY PRODUCTS

- Biodegradable.
- Low to no corrosion on most metals and surfaces.
- Fast-acting & efficient.

Directions For Use

- Apply an even coat of rbs Condissolve using a low pressure sprayer.
- Allow at least 30 minutes contact time.
- Thoroughly rinse & clean the treated surface with a high pressure washer.
- Usage depends on thickness of concrete; thicker deposits may require more than one application.
- Leave rbs Condissolve to act from 30 minutes to 12 hours depending on thickness or age of concrete.
- Appropriate personal protective equipment must be worn at all times.

Health & Safety

When working with rbs Condissolve suitable protective clothing, eye/face protection and gloves should be worn.

The information given on this sheet is, to the best of our knowledge, true and accurate. No guarantee of the results implied, or any loss or damage arising out of this material, however, are possible as the conditions of application are beyond our control. This is not withstanding any liability arising from the Consumer Protection Act 1987 and the Health & Safety at Work Act. Health and Safety data is available on this product and should be referred to prior to its use
