

# rbs Multi Purpose Grease

Multi Purpose Grease (Super Lithium EP2)

## DESCRIPTION

Premium quality multipurpose grease formulated for use in all anti-friction and plain bearings subject to high load conditions.

Used extensively for applications in the industrial and automotive markets. rbs Multi Purpose Grease is approved in accordance with Mercedes Benz Sheet 267.0 specification for service products.

## FEATURES

- Superb extreme pressure and anti-wear performance.
- High degree of corrosion protection.
- Extremely versatile multipurpose grease.

rbs Multi Purpose Grease can be applied manually, by grease gun or via a central lubricating system, designed for and capable of pumping NLGI No. 2 grease

It is essential, as with all greases that checks are carried out on the compatibility of the new grease with grease applied previously. If it doubt about the compatibility it is advised that the bearings be purged of the old grease prior to application of the new grease.

Never over-pack bearings with grease since this can lead to premature failure of the bearing. Always check with the bearing manufacturer as to the quantity of grease required to pack a bearing with.

## TECHNICAL DATA

Appearance	Smooth grease
Colour	Dark Brown
Worked penetration (IP50)	265 to 295
NLGI Classification	2
Dropping Point (IP132)	185C (min)
Operating temperature range	-20 to +140C

## HEALTH & SAFETY

When working with rbs Multi Purpose Grease suitable protective clothing, eye/face protection and gloves should be worn. For further health and safety information, please refer to the relevant Safety Data Sheet.

## PACKAGING

rbs Multi Purpose Grease is available in 400g cartridges, 3 kg tins and 20kg kegs.

## STORAGE

rbs Multi Purpose Grease should be stored under dry, frost-free conditions away from direct sunlight.

## IMPORTANT NOTE

Whilst all reasonable care is taken in compiling technical data on the Company's products, all recommendations or suggestions regarding the use of such products are made without guarantee, since the conditions of use are beyond the control of the Company.

It is the responsibility of the customer to satisfy himself that each product is fit for the purpose for which he intends to use it, that the actual conditions of use are suitable, and that in the light of our continual research and development programme the information relating to each product has not been superseded.
