according to 1907/2006/EC, Article 31

Printing date 22.05.2015

Revision: 23.03.2015

SECTION 1: Identifica	tion of the	substance/mixture	and	of th	ne com	pany/
undertaking						

1.1 Product identifier
Trade name <u>EP Contract Hardener</u>
1.2 Relevant identified uses of the substance or mixture and uses advised against No further relevant information available.
Application of the substance / the mixture Construction chemicals

1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: Saint-Gobain Weber Limited Dickens House Enterprise Way Flitwick Bedfordshire MK45 5BY

1.4 Emergency telephone number: Product safety department

SECTION 2: Hazards identification

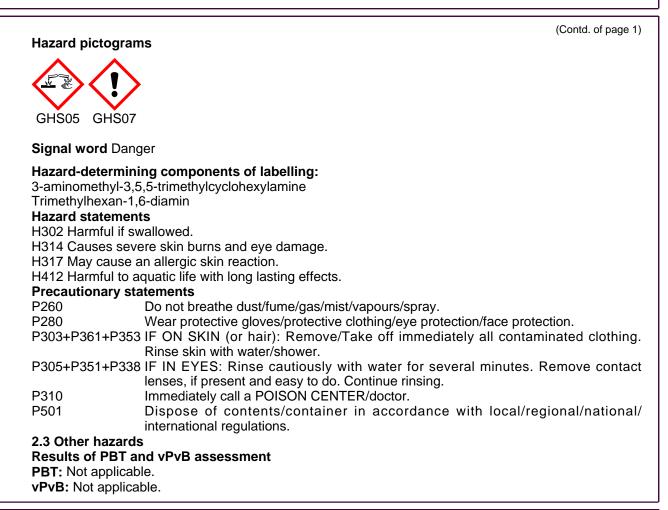

2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008

	corrosion
	CONOSION
Skin Corr. 1B	H314 Causes severe skin burns and eye damage.
Eye Dam. 1	H318 Causes serious eye damage.
GHS07	
Acute Tox. 4	H302 Harmful if swallowed.
Skin Sens. 1	H317 May cause an allergic skin reaction.
Aquatic Chronic	3 H412 Harmful to aquatic life with long lasting effects.
Information con The product has for preparations of Classification sy The classification	ccording to Directive 67/548/EEC or Directive 1999/45/EC Void cerning particular hazards for human and environment: to be labelled due to the calculation procedure of the "General Classification guideline of the EU" in the latest valid version. ystem: in is according to the latest editions of the ended by company and literature data.
	nts ding to Regulation (EC) No 1272/2008 assified and labelled according to the CLP regulation. (Contd. on page 2)

according to 1907/2006/EC, Article 31

Revision: 23.03.2015

Trade name EP Contract Hardener

SECTION 3: Composition/information on ingredients

3.2 Chemical characterisation: Mixtures

Description: Mixture: consisting of the following components.

	3-aminomethyl-3,5,5-trimethylcyclohexylamine ☐ C R34; Xn R21/22; Xi R43 R52/53 ♦ Skin Corr. 1B, H314; ♦ Acute Tox. 4, H302; Acute Tox. 4, H312;	25 - 50%
CAS: 25620-58-0	Škin Sens. 1, H317; Aquatic Chronic 3, H412 Trimethylhexan-1,6-diamin	25 - 50%
	🛃 C R34; 🗙 Xn R22; 🗙 Xi R43 R52/53	
	Skin Corr. 1B, H314; Aquatic Chronic 3, H412

(Contd. of page 2)

SECTION 4: First aid measures

4.1 Description of first aid measures

General information

Remove the victim immediately from the danger area. If the patient is unwell consult a doctor and present this data sheet.

Immediately remove any clothing soiled by the product.

After inhalation Supply fresh air; consult doctor in case of complaints.

After skin contact

Wash off immediately with plenty of water, continue washing. Seek immediate medical advice.

After eye contact

Rinse opened eye for several minutes under running water. Rinse liquid should be tempered (20-30 °C).

Seek immediate medical advice.

Remove contact lenses after the first 5 minutes and coninue washing.

After swallowing

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; call for medical help immediately.

Do not give anything by mouth unless the person is fully conscious.

4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing agents

CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

5.2 Special hazards arising from the substance or mixture

During heating or in case of fire poisonous gases are produced.

5.3 Advice for firefighters

Protective equipment:

Mouth respiratory protective device.

Wear fully protective suit.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

Wear protective equipment. Keep unprotected persons away.

6.2 Environmental precautions:

The product must not get into watercourses

or into the soil.

Keep contaminated washing water and dispose of appropriately.

6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

(Contd. on page 4)

according to 1907/2006/EC, Article 31

Printing date 22.05.2015

Revision: 23.03.2015

Trade name EP Contract Hardener

(Contd. of page 3)

6.4 Reference to other sections

See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Ensure adequate ventilation. Handle and open container with care. Avoid contact with skin, eyes and clothing. Handle in accordance with good industrial hygiene and safety practices.

Information about fire - and explosion protection:

Keep away from heat and sources of ignition. Do not smoke. Take precautionary measure against static discharges.

7.2 Conditions for safe storage, including any incompatibilities

Storage

Requirements to be met by storerooms and receptacles:

Store only in unopened original receptacles.

Information about storage in one common storage facility: Not required.

Further information about storage conditions: None.

7.3 Specific end use(s) No further relevant information available.

SECTION 8: Exposure controls/personal protection

Additional information about design of technical facilities:

No further data; see item 7.

Ventilation: use engineering controls to maintain airbourne level below exposure limit requirements or guidelines. If there are none, use only with adequate ventilation. Local exhaust ventilation may be necessary for some operation.

If possible use tranferring/filling, mereing and blending plants that are closed.

8.1 Control parameters

Ingredients with limit values that require monitoring at the workplace: Additional information:

The applicable TRGS 900 (MAK list) was used as the basis for the preparation and/or revision of this safety data sheet.

8.2 Exposure controls

Personal protective equipment:

General protective and hygienic measures:

The usual precautionary measures are to be adhered to when handling chemicals.

Wash hands before breaks and at the end of work.

Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing.

Respiratory protection:

Use suitable respiratory protection where aerosols/vapours are generated.

Use respiratory equipment with suitable filter or wear self-contined breathing apparatus. (CE approved air-purifying respirator: organic vapour cartirdge with a particulate pre-filter, type AP2).

Protection of hands: Protective gloves.

Material of gloves

PVC gloves

Butyl rubber, BR Chlorinated polyethylene. Polethylene. Ethyl vinyl alcohol laminate (EVAL). Neoprene. Nilrile rubber. Penetration time of glove material The determined penetration times according to EN 374 part III are not performed under practical conditions. Therefore a maximum wearing time, which corresponds to 50% of the penetration time, is recommended. Thickness >0.5mm Eve protection: Use close fitting goggles (EN 166). Eye wash fountain should be located in immediate work area. **Body protection:** Use protective clothing chemically resistant to this mateiral. Remove immediately all contaminated clothing.

SECTION 9: Physical and chemical properties

General Information	
Appearance:	
Form:	Fluid
Colour:	Yellowish
Odour:	Amine-like
Odour threshold:	Not determined.
pH-value:	Not applicable.
Change in condition	
Melting point/Melting range:	Undetermined.
Boiling point/Boiling range:	232 °C (DIN)
Flash point:	110 °C (DIN ISO 2592)
Flammability (solid, gaseous):	Not applicable.
Ignition temperature:	350 °C (DIN 51794)
Decomposition temperature:	Not determined.
Self-igniting:	Product is not selfigniting.
Danger of explosion:	Product does not present an explosion hazard.
Explosion limits:	
Lower:	Not determined.
Upper:	Not determined.
Oxidising properties	Not determined.
Vapour pressure:	Not determined.
Density:	Not determined
Bulk density:	Not applicable.

according to 1907/2006/EC, Article 31

	(Contd. of page
Relative density	Not determined.
Vapour density	Not determined.
Evaporation rate	Not determined.
Solubility in / Miscibility with	
Water:	Not miscible or difficult to mix
Segregation coefficient (n-octanol/	water) log
Pow:	Not determined.
Viscosity:	
dynamic:	Not determined.
kinematic:	Not determined.
Solvent separation test:	Not determined
Solvent content:	
Organic solvents:	0.0 %
9.2 Other information	No further relevant information available.

SECTION 10: Stability and reactivity

10.1 Reactivity

10.2 Chemical stability Stable at recommended storage conditions

Thermal decomposition / Conditions to be avoided:

No decomposition if used according to specifications.

10.3 Possibility of hazardous reactions

Reacts with oxidizing agents

Reacts with acids

10.4 Conditions to avoid Keep away from sources of ignition. Protect from frost.

10.5 Incompatible materials: No further relevant information available.

10.6 Hazardous decomposition products: Ammonia

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity:

LD/LC50 values relevant for classification:

Compo	nents	Туре	Value	Species	
2855-13	2855-13-2 3-aminomethyl-3,5,5-trimethylcyclohexylamine				
Oral	LD50	1030 mg/kg (rat)			
Dermal	LD50	1840 mg/kg (rabbit)			
25620-5	25620-58-0 Trimethylhexan-1,6-diamin				
Oral	LD50	910 mg/kg (rat)			
		nt effect: ritant to skin and mucous	membrane	ies.	

on the eye: Strong irritant with the danger of severe eye injury.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

No further relevant information available.

15.2 Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

SECTION 16: Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Relevant phrases

- H302 Harmful if swallowed.
- H312 Harmful in contact with skin.
- H314 Causes severe skin burns and eye damage.
- H317 May cause an allergic skin reaction.
- H412 Harmful to aquatic life with long lasting effects.

R21/22 Harmful in contact with skin and if swallowed.

R22 Harmful if swallowed.

- R34 Causes burns.
- R43 May cause sensitisation by skin contact.
- R52/53 Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
